HOSPITAL TAXI SCHEME

The hospital taxi service which has been operating in the parish of Hamble-le-Rice since February 2004 now includes the neighbouring parishes of Bursledon and Hound.

The scheme is supported by Hampshire County Council, Eastleigh Borough Council, Hamble-le-Rice Parish Council and the Countryside Agency and its purpose is to enable local residents who find it difficult to use public transport to get to hospital more easily.

A local taxi company will collect you, and an escort if required, from your home at a pre-arranged time and will take you to the hospital where you have an appointment or to visit friends and/or relatives who are staying in hospital. This service is available Monday to Friday. Each one-way journey is subsidised to make the cost of the taxi more manageable and journeys can be shared with others who are going to the same place to reduce costs even further. Journeys are provided at a subsidised rate to:

Royal South HampshireHospital — Moorgreen Hospital
Southampton General Hospital
Princess Anne Maternity Hospital — The Nuffield Hospital (BUPA)
Chalybeate Hospital (BUPA) — Western Hospital

Please look out for leaflets, posters and articles in local magazines and newsletters for more details about the service and to find out how much each journey will cost. Leaflets and posters will be available in your parish council office, GP surgery, Post Office and other public places. Alternatively you can phone **0845 602 4135** to find out more about this scheme or to book a journey.

About Hedge End

Having returned from a trip to Australia, we were struck by what a "green and pleasant " land we have. Hedge End is looking better so let's keep it so with an even greater effort to erase all graffitti and litter. What is graffitti? The answer is simple..... Anything (it could be construed as the work of a renowned artist) that is daubed on property and land where it should not appear and is unauthorised. There is zero tolerance demonstrated by both Eastleigh Borough Council and Hedge End town Council towards graffitti and wherever feasible, this is removed without delay. Please phone either Council as soon as you notice any.

Litter It is more or less proved that the less there is, the less there will be as people do (really) begin to take responsibility and pride in their surroundings. On Saturday 12th May some councillors had a litter picking morning around Hedge End centre. Actually there was very little about that could easily be seen but we filled three bags from those " hard to get at places" in the bushes and behind walls etc. Any other suggestions for more improvements would be welcome.

Planning objections On another subject, many people are very upset by "infilling". Older properties with large gardens are being bought by builders who then put up a number of smaller dwellings. This does mean more people can be housed and ,with time and planting, they do tend to blend in. This however, can be scant comfort to the neighbours. What can be done? Firstly, of course, the owners of the old, larger property don't usually have to sell but the developers make very generous offers that must be hard to resist. Neighbours are informed by Eastleigh Borough Council, who also have a web site on all applications and decisions. Objectors then have 21 days to send a letter to the Planning Officer at Eastleigh, with a copy to Hedge End Town Council, setting out their objections. These must follow precise criteria which must be strictly adhered to, and a leaflet explaining this is available from the Town Council. (The proposal must break some planning guidelines such as car parking, unsuitable height etc.). This is then considered by Hedge End Town Council Highways and Planning Committee which meets twice monthly. Borough Councillors, although allowed to be present, are sometimes not,as they must be able to proceed to the next stage with an open mind. This Hedge End Planning committee is empowered to return a comment to Development Control Services at Eastleigh Borough Council, and in the event of a contentious issue can make recommendations to Borough Councillors,(three are needed) to call for the objections to be brought to the next meeting of the Hedge End, West End and Botley (HEWEB) Local Area Committee. After representations and discussion a vote is taken and the majority decision of the Borough Councillors (there can be up to 13 present) carries the day. Ratification (or otherwise) follows from Eastleigh B.C.

Tree Warden Report

My name is Andrew Jemmett and I am the Tree Warden for Hedge End Town Council.
What do I do?
I travel around the area looking at the trees and shrubs on council land and where-ever there are trees with T.P.O.s, on, to note any problems that may occur and report them.
I have been on some courses to aid me in this work. The last one was in West Sussex, at West Dean College. This was organised by the Tree Council and the B.T.C.V institute, with talks by Ted Green, on tree archaeology and Tony Kirkham on trees from around the world.
At this time of the year, trees and shrubs become more noticeable with the coloured blossoms and the leaves beginning to cover the bare branches. They all contribute to a healthy environment for us all and this is why we need to look after them.
During the summer of 2006, we had a long spell of dry weather and this did have an effect on some of the younger trees and shrubs in the area as these were starting to show signs of stress. The larger, well established trees fared better. The trees and shrubs seem to have recovered well over the winter period and it is good to see that trees and shrubs are doing well in private gardens as well.
The gales we had over the winter period, particularly in the early part of 2007 had little effect in the Hedge End Area with other areas of Hampshire having trees blown down. There was one tree blown down in Bridget Mary Gardens but is in a position where it will cause no problems.
We have lost some more mature trees due to development, like Dowds Farm, which is very unfortunate but expected and were kept to the minimum.
During the last year, I have been checking the T.P.O.s, and the local trees and shrubs along the roadways and am happy to that most of them were in good order at the time of visiting them. According to the forecasts, we are in for another dry summer, and we will need to keep a close check on the effects of this, to see if any action will need to be taken.
I will report any problems I may find, and please feel free to contact me or the Council Office with information.
Andrew Jemmett.

CAB has something to shout about!

Eastleigh Citizens Advice Bureau is delighted to be embarking on a new project called **"Face to face debt advice"**. It went live on 2nd April! With funding from the Financial Inclusion Fund, the CAB is offering a free face to face debt service for tenants from Atlantic (First Wessex), Swaythling and Hyde Housing Associations. The project for Eastleigh will be run alongside the normal service the CAB offers at 101 Leigh Road, Eastleigh and from the Central Hyde H.A. office in Southampton.

The new funding has been awarded in recognition of the enormous rise in demand for debt advice. Last year Eastleigh CAB dealt with almost double the amount of debt from the previous year. There was an increase of £1,948,360.00 bringing the total amount of debt dealt with to £3,216,268.00.

Due to this increased demand on their services, Eastleigh CAB is looking to recruit more volunteers who would be interested in training to become advisers. Chris Huhne M.P. said "The Citizens Advice Bureau does what it says: it advises on all manner of problems that local people may encounter, not just with government agencies but with businesses. It can often chart a way through the maze". The work is a very rewarding and satisfying voluntary job. If you are interested in finding out more, please ring 023 8064 2699.

HEDGE END CARNIVAL COMMITTEE

CARNIVAL TIME

Carnival time is almost here again, something that at one stage last year looked quite unlikely. However an influx of people prepared to put some effort into making their community better has enabled us to go ahead 86 years after the first carnival here. In fact, we are even able to bring you a new event to add to those that for many years have made up our carnival week. Prospects for the carnival procession are looking really encouraging. One of the playgroups that have been missing for several years are planning to join in again and for the first time in at least 25 years, the Fountain Inn are already getting ready to join in the fun.

It is not too late for you to take part either, just get an entry form from the post office or the carnival website to check the different classes. Whether you choose to take part individually, with some friends or a club you belong to, it really is good fun and it may not need to be a lot of work.

If you find yourself unable to take part, then make sure you are there to line the streets and give generously. Remember that one of the aims of your carnival is to raise money and support local good causes and make Hedge End an even better place to live. Make sure that you break open the piggy bank where you have been saving your loose change and bring it along.

See you there on July 7th

Leading the line up at the Gala Show in Greta Park will be the Tigers Children's Motor Cycle Display Team. We have seen them before, so we know how good they are, do not miss their show.

There are lots of other displays and entertainment on offer including Salsa dancing, Taekwondo, gymnastics, Saints in the Community, Punch and Judy and traditional dancers.

In fact there will be 3 hours of entertainment and with adults only having to pay 50p to get in, it must be considered to be top value. Make sure you come through the gate and enjoy the show as well as the procession.

CARNIVAL SAFETY

Please refrain from throwing coins , they can hurt and even cause injury.

Remember what happened to Totton Carnival.

Please keep to the pavement so that the procession can pass safely and do not walk in the road.

A brief resume of carnival events is as follows:

All week Best Decorated Shop Window
Monday - Quiz Night at 2000 Centre - 7.30pm
Tuesday - Whist at 2000 Centre - 1.30pm
Wednesday - Dog Show at Greta Park - 6pm
Thursday - Bingo at the Village Hall - 7pm
Saturday - Carnival and Gala Show from 2pm
Sunday Sports and Picnic at Greta Park - 3pm
Wednesday Monday Fun Fair at Greta Park.

More information is available in the free carnival programme provided by Viking Garage, that should drop through your letterbox with the June edition of the Informer.

The Hedge End Twinning Association has, as our goal, the promotion of goodwill and understanding between the peoples of Hedge End, England with those of Comines-Warneton, Belgium and Comines, France.

Our last event was the annual trip across the Channel the weekend of 24-25 March, to visit our friends in the 'Association aux amis d'Hedge-End' in Comines, France. Eighteen people plus the coach driver got up extra early and with no delays, we were in Comines shortly after noon. Our first port of call was the beer/wine distributor who provides the drink for the Comines group's functions, where we were treated to an aperitif and nibbles, and had the opportunity to make purchases. They even had the Union Flag out front to welcome us. Lunch was back in Comines at the Salle des Fêtes, where there was also a flea market in progress. After a rest or sightseeing, it was back to the Salle des Fêtes for an evening of folk dancing. Sunday morning was spent doing more sightseeing, followed by getting back together as a group for a delicious three-course lunch at a charming restaurant in Comines. Sadly, it was all too soon to say 'au revoir' and re-board the coach for our return trip.

For three people, it was their first visit to Comines, and they had a wonderful time. Additionally, one of those, Paul Philips, went with the purpose of establishing a twinning link with ambulance workers in Comines-Warneton, Belgium. He had this to say: 'I had a fantastic time…On the Sunday morning I was treated as somewhat of a celebrity when I went to the aperitif in commemoration of the Battle of the Canal which took place in 1940.' We look forward to hearing how this new branch of twinning grows.

Next on our agenda is our quarterly meeting on Monday, 11th of June, at 7.30 pm, at the home of Sally & David Lloyds, 42 Goodlands Vale. We plan to discuss whether we will be able to make another trip across the Channel this year, to attend the 'Wooden Spoon Festival' in October. Please come along to this meeting to provide your input.

Finally, we will be hosting our friends from both France and Belgium who come over to the Hedge End Carnival the 7th-8th July. Preliminary numbers are up over recent years, with 25 guests expected, so we are eager to find people willing to put someone up on a B&B basis that weekend.

Please contact us if you are interested in getting involved.

One last note: we extend sincere congratulations to Olivier Rasson and Justine Bruneel, who were married in La Madeleine (Lille) on the 28th of April. Justine, the daughter of Christine and Donat Bruneel of Comines, France, has come to Hedge End on many occasions. Sally and David Lloyds were honoured to have been invited to the wedding, where they had a fantastic time as it was a fabulous event.

New School --- What's in a name?

The new primary school at Dowd's Farm is due to open Easter 2008. It will take children from the new homes currently being built and part of the northern end of Grange Park.
The temporary govering body has started to meet and amongst other things is deciding on a name for the school.

Current suggested names are Dowd's Farm Primary School (following the tradition of schools in Hedge End being named after local farms), Wellstead Primary School (after Mary Wellstead who set-up the first school in Hedge End), Oaktree Primary School or Oaktree Place Primary School (after the name of the estate).

Now we want to know what you think. Please fill in the slip below and return it to the Town Council or e-mail **townclerk@hedgeend-tc.gov.uk** putting "New School" in the subject line.
A response by 20th August would be appreciated as the temporary governing body hopes to make a decision in the Autumn.

My choice of name is.....

Mackie

This soppy big black boy is Mackie. You really will have to go a long way to find such a nice natured puss. Mackie is very gentle and he loves a good fuss. At 17 years young Mackie is a mature cat but has had a full MOT from our vets who assure us he is in tiptop health. Mackie is looking for a quiet home as the only pet with lots of cuddles available.
Please call if you can help him.
